Bulletin to Former Pope and Talbot, Harmac Pulp Operations
Members of the PPWC – Employer Trusteed Health & Welfare Plan
June 30, 2008

Extended Health (Policy E029782) and Dental (Policy D907961)

The deadline to apply for Pacific Blue Cross' Conversion Personal Health and Dental Plans has been extended. You can apply for one of Pacific Blue Cross' Conversion Personal Health and Dental Plans up until **August 5, 2008**. The advantage of converting within this time frame is that you would not need to supply Pacific Blue Cross with medical evidence of insurability and there are no pre-existing conditions. Furthermore, the individual dental plan will waive the three month "no claims" waiting period. To qualify for conversion, you must have been covered under the group extended health and dental plan for at least six months. For more information on how to convert to an individual policy, please visit <http://www.pac.bluecross.ca/individual/conversion.html> or contact 604 419 2200 or 1 800 873 2583 and remember to state the Pope & Talbot, Harmac Operation policy number noted above.
